

## CS10-PM03W – WC pull-cord slave module

The CS10-PM03W device is a WC pull-cord slave module to be used with the pull-cord interface module CS10-PM02W. The CS10-PM03W has IP45 protection which means that it is protected against low pressure jets of water from all directions allowing limited water ingress without losing operability. This equipment does not have any device with electrical potential and can be safely installed in the bathing area.

The CS10-PM03W is a wall mounted device with dimensions 80x80mm.

Ref. 9801100370000

### CHARACTERISTICS:

Electrical characteristics:	
Service voltage	None
Power consumption	0W
General characteristics	
Width	80 mm
Height	80 mm
Depth	37.5 mm
Material	ABS UL-94-HB
IP degree	IP45
